Amphibian® Flipfins

Scuba Fins

Omega Aquatics Flipfins™ are high performance **scuba diving fins** you can also walk in when entering and exiting the water. The days of dragging your **fins** in and out of the water are finally over! Amphibian® **Diving Fins** are a totally new class of **scuba fins**. Take these **Flipfins™** out once and you will never go back to traditional **flippers**.

Navigator Flipfins™

Float Tube Fins

Navigator Flipfins™ have proven to be the best **Fins** for **Float Tube** and **Pontoon Boat** Fly Fishing out there. If you want maximum distance with minimum effort and best maneuverability, then these are the **flip fins** for you!

Stealth Flipfins™

Military & Rescue Fins

Stealth Flipfins™ preferred and used by **Military, Navy, Special Forces** and **Rescue Divers** in US and worldwide. The revolutionary and durable Aqua-Hinge mechanism and highly efficient blade design provide an essential combination of performance and safety. This model of Flipfins™ have been tested and proven to be most operationally effective **swim** and **dive fins** that can be worn when exiting aircraft or helicopter during water jumps. Power provided by a shorter blade makes entries and ascents significantly quicker and safer.

Stealth Max Flipfins™
Military & Rescue Fins

Same style as the Amphibian® model, **Stealth Max Flipfins™** molded with a stiffer TPE compound per specifications of members of the US Special Forces. Designed to produce the maximum thrust.
